

Don't You Need Some Shingles?

Looks as if you did. The longer the rain soaks into the old ones the less account they'll be and the more you'll miss. Perhaps you're not as bad off as this poor dub on the roof, and if you were to buy some Right Now, and clapp 'em on P. D. Q. it would save you the expense of a new roof.

Well, whether it's Shingles you need or anything else in the way of Lumber or Building Material—we're it, and our prices will suit—don't you worry.

COUNCIL HOLDS SESSION.

School Commissioners Ask for \$25,000 the Coming Year.

The common council met in regular session on Tuesday evening with Mayor Nash in the chair and a quorum of aldermen present.

The waterworks committee made a report on several petitions that had been referred to them in regard to making waterworks and sewer extensions about the city. They recommended that the extensions be made, as after investigation it appeared that they were all improvements that were badly needed. The cost of these extensions will be in the neighborhood of three thousand dollars. All of the improvements cannot be made this year, however, as the lateness of the season will prevent the completion of the work.

A communication was received from the school commissioners recommending that there be raised the sum of \$25,000 for school purposes for the coming year. A. C. Otto, one of the school commissioners, addressed the council and explained the purposes for which the money would be expended, and after this the recommendation of the commissioners was adopted.

At the recommendation of the Electric and Water Co. a committee was appointed by the council to confer with the company with a view to making a new contract with the company for furnishing the power for the pumping station. Although no definite information was given it was intimated that the company would like to make a contract by which they were paid for the amount of power used in preference to the present system. Mayor Nash appointed as a committee to confer with the company Aldermen Billings, Nissen and Lubeck.

Mayor Nash made the following selection of election officers which were approved by the council:

First ward, inspectors: J. L. Goley, J. G. Goley, sr., Thomas Love, Clerk: D. Kanneran, Louis Schroeder. Ballot clerks: E. W. Lawler, E. Andrew.

Second ward, inspectors: H. Boutcher, W. L. Scott, James Miller, Clerk: B. Metzger, Hugh Goggin. Ballot clerks: E. T. Bodette, G. W. Baker.

Third ward, inspectors: C. H. Nissen, F. G. Goley, L. Kromer, Clerk: A. L. Gross, W. H. H. Edwards. Ballot clerks: James McCarthy, Robert McDonald.

Fourth ward, inspectors: John Plunko, Job Margeson, Eugene Miller, Clerk: M. S. Pratt, Herman Wippenman, jr. Ballot clerks: Robert T. Rowland, Lucian Berard.

Fifth ward, inspectors: U. T. Palmer, Jos. Lucastefski, Fred Otto, Clerk: Fred Bossert, Jos. Quisigmech. Ballot clerks: Louis Schenck, Julius Koch.

Sixth ward, inspectors: Wm. Pribnow, B. G. Chando, Andrew King, Clerk: F. E. Kellner, C. A. Boorman. Ballot clerks: Henry Lambert, D. C. Bailey.

Seventh ward, inspectors: G. L. Nobles, John Steib, sr., P. Malroy, Clerk: W. S. Gaudier, C. Lyon. Ballot clerks: B. L. Brown, John Bell, jr.

Eighth ward, inspectors: August Neuman, M. P. Nissen, Michael Lemousse, Clerk: Theron Lyon, J. W. Natwick. Ballot clerks: O. L. Duncan, Saul Proston.

There was also the usual number of bills allowed, and also the report of the city treasurer was read, which showed an overdraft of \$19,000, which is considerably less than last year at this time. There being no further business the council adjourned.

Death of Mrs. Worland.
Mrs. John A. Worland of Rockford, Ill., died on Tuesday, Sept. 6, of peritonitis. Deceased was a daughter of Peter Moburg of Sigel, and was married last Thanksgiving day. She was sick only a short time. The funeral will be held from the Swedish Lutheran church in Sigel tomorrow and the remains will be interred in this city. Mrs. Worland was only 18 years of age.

The Republican county convention held at Friendship Tuesday made these nominations: Sheriff, J. M. Crothers, Big Spring; district attorney, E. G. Colliup, Friendship; county clerk, G. S. Pason, Richfield; county treasurer, O. Matthews, Big Bluffs; clerk of court, A. Holzer, Lincoln; register of deeds, William Walker, Monroe; surveyor, A. Athanas, Rome; coroner, W. R. Wouldn't Pay His Dog Tax.
Emil Scheiler of the west side was brought before Judge Cooper on Friday on complaint of Chief of Police Gibson, for not paying his dog tax. He was found guilty and paid a fine.

Officer Gibson states that there are a number of others in the city who are trying to evade the law, but he wants it understood that all those that have not paid will be fined unless they do so at once.

Death of Nauman Belknap.

Nauman Belknap, better known as "Charles" Belknap, died very suddenly at his home in the northern part of the city on Thursday, cause of death being heart failure. He had been in his usual health up to a very short time before his death, and was engaged in sawing wood when prostrated. Shortly after 10 o'clock his daughter-in-law, who was at home alone, having occasion to go outside, discovered him on the doorstep, where he had crept on his hands and knees. She helped him inside and ran for assistance. After getting him in bed a physician was summoned but could afford no relief and at a few minutes past twelve he passed peacefully away.

Mr. Belknap was one of the old residents of Grand Rapids, having lived here for forty-nine years. He was born in Massachusetts in 1828, and came west in 1851, locating at Stevens Point. One year later he came to Grand Rapids, where he has since resided. He was a shoemaker by trade and worked at this until a few years ago, since which time he has been farming in a small way. He is survived by a wife and two children, the latter being Charles J. Belknap, with whom he resided, and Mrs. Lydia M. Shorrier of the town of Grand Rapids.

The funeral was held from the home at 2 o'clock Saturday afternoon, Rev. A. L. Putnam conducting the services.

Wauwata Man of the Head.

H. J. Giesse delegate to the State Council of the Fraternal Reserve Association, went to Oshkosh last Saturday to attend the session of that body. He reports the organization in a fine condition, the society only being about two years old, and having a membership of nearly four thousand, with a fine class of Supreme officers at the head, and a bright future before them. The organization will soon be up with some of the older societies in round number of members, protected by a nice reserve fund, which is ever growing.

The next state council meets at Appleton in 1906 and the officers elected are: President, W. H. Lubbis, Wauwata; vice-president, Otto Kunk, Oshkosh; secretary, W. H. Ashcroft, Janesville; treasurer, D. Edwards, Marinette; representative to supreme council, Dr. R. Leith, Appleton. After the morning session the delegates were given a four hour boat ride on the steamer "Hildre", out on Lake Winnebago, and dinner at the Athlone Hotel, after which a special meeting was held at the M. W. A. hall and a class of fifteen were initiated and the ladies gave the floor work, after which a program followed, and refreshments served.

Cranberry Picking Commences.

All the cranberry men commenced harvesting their crop last Monday morning, and since that time there have been some busy times on the marshes. Some of the cranberry men who have been interviewed on the subject report that the crop will not be as good as was thought at the August convention, as a large number of the berries have been caught by the frost. The marshes presented a lively scene on Sunday, when wagonloads of pickers were arriving every few minutes.

Death of John Lind.

John Lind, a former resident of this city died at the Wausau asylum last Wednesday from tuberculosis, age 45 years. The remains were brought here and interred in Forest Hill cemetery on Saturday, Rev. W. A. Peterson conducting the services. He leaves a wife and four children, the latter being Elma, Hugo, Oscar and Eva. The deceased resided in this city for about 18 years.

Making Improvements.

George Boyer, proprietor of the Riverside Steam Laundry, has decided to put in an electric fan to run his machinery. He figures that this will be a great improvement over the old steam plant, as it will not necessitate the continuous attention of a man, as has been the case in the past. He will also equip the place with electric fans, which will be another improvement.

Building a Coal Shed.

F. E. Kellner is erecting a coal shed on the west side near the Northwestern track which is 15x17 feet. He received a car of hard coal this week and by the time cold weather sets in expects to be fully equipped to supply the trade with fuel of all kinds.

I take these means to sincerely thank the kind neighbors and friends who assisted me during the bereavement and funeral of my husband.

Lemley-Syms.

Miss Laura Lemley and Henry L. Syms were united in marriage at the Baptist parsonage on Friday, August 26, Rev. A. Lincoln Putnam tying the knot. Mr. and Mrs. Syms will make their home at Auburn and the Tribune unites with their friends in extending congratulations.

One of the most important requirements in a medicine to be given to small children should be that it is pleasant to take. Bad tasting medicines disturb the stomach, destroy the appetite and it is extremely difficult to get children to take them. The pleasant flavor of Re-Go Tonic Laxative Syrup, the certain cure for dyspepsia, constipation and biliousness, pleases the most sensitive person and is the ideal laxative for young children. 25c, 50c and \$1.00 bottles at Sam Church and John E. Dotley druggists.

Poles to Settle Here.

From a reliable source we learn that within the next several months upward of 2,000 Polish families will be placed on lands in Marathon, Portage, Langlade, Wood, Taylor and Price counties. This is the result of a system of advertising that has been going on for some time, a Milwaukee organization known as the National Polish alliance having the matter in charge. This organization during several months past has been distributing thousands of pamphlets, circulars, etc., relative to lands in these counties and aided by real estate dealers resident in the several counties, men have gone over lands in the counties named and made a list of the most desirable pieces adapted for farming purposes.

The families are not recent immigrants, many of them having lived in the East for several years. Some of them are miners who have saved up some money and want to live under more favorable circumstances. They have sufficient money to buy farms and pay their fare, so that the alliance will not be at any expense.

A committee has been appointed to confer with real estate men and secure as favorable terms for the settlers as possible. There are thousands of acres available for farming purposes in the counties named above. Each county is in need of settlers and the Polish families ought to be desirable acquisitions to the country's population for they are invariably a thrifty class.—Wausau Pilot.

Death of Miss Johnson.

The people of this community were shocked and pained on Wednesday evening last to hear of the death of Miss Lona Johnson, whose demise occurred at the family home on the west side. The news came as more of a shock because very few people knew that she was seriously ill, and those that did, supposed that she was on the road to recovery. Miss Johnson had been sick less than a week, the trouble being peritonitis, and though quite sick for a time her physicians had given out quite favorable reports and she seemed to be decidedly better until Wednesday afternoon, when she commenced to grow worse and continued to sink until the end came about 7 o'clock in the evening.

Miss Lona was the daughter of Mrs. Nels Lona, was twenty-two years of age, and was born and raised in this city. There was probably no one of our young folks who was more universally loved by her associates, and her passing away caused universal sorrow. She was a graduate of the west side high school, and subsequently attended Duwener college at Milwaukee. For the past two years she has been employed as cashier in the Johnson & Hill department store, and the fact that she was at her work only a few days before made the announcement of her death all the more sudden.

The funeral occurred at nine o'clock Saturday morning from St. Peter and Paul Catholic church, the remains being laid at rest in Calvary cemetery. A large concourse of friends listened to the last sad rites and followed to the cemetery. The relatives have the sincerest sympathy of the community in their sad bereavement.

Planing Mill Burned.

Ed. Lynch's planing mill at Milldale was burned a week ago last Saturday night, entailing a loss on the owner of about five hundred dollars. The fire occurred about the middle of the night and it is not known just how it started, but is supposed to have originated from one of the locomotives on the Central road. A freight train stood on the siding by the mill for some time and it was after this left that the fire was noticed. When the fire was first reported to Mr. Lynch he supposed that his loss would be about \$1500, but when he came to investigate the matter he found that the engine had not been entirely spoiled, and that only the small work on the machines had been damaged, while the boiler was as good as ever. Mr. Lynch reports that he is rapidly getting things into shape, and that he expects to have the plant running again in a very short while.

Paper Mill Officers.

The incorporators of the new wall paper mill project are Geo. A. Foster, John O'Day and R. W. Barratt of this city and J. C. Jacobson and E. T. Harrison of Grand Rapids.

At a meeting held last Saturday morning the following officers were elected: E. T. Harrison, president; John O'Day, vice president and manager; Geo. A. Foster, secretary and treasurer.

Chas. Snow, contractor and builder, began work on the office Monday.—Merrill Star.

Attended the Convention.

P. Malroy and Edward Lynch were in Milwaukee last week in attendance at the democratic state convention. Mr. Malroy reports that the convention was a representative one in every respect and was the best one that has been held for a number of years. He states that the committee on resolutions discussed every plank in the platform, and the only difference of opinion was on the primary election law, and as this proposition will be submitted to the people at the coming election they will have a chance to voice their sentiments on the subject, regardless of whether it is endorsed by the democrats as much energy is taken to select a good set of men for the county ticket as was exhibited at the state convention the democrats will stand a good chance of winning all around.

Dunn and Jaeger returned last night from Chicago, where they secured a typesetting machine and other machinery necessary to enable them to publish a daily, which they expect to start in a week or two.
